## INDEPENDENT PRACTITIONERS' REVIEW ENGAGEMENT REPORT

### TO THE MEMBERS OF WORLD OVARIAN CANCER COALITION

We have reviewed the accompanying financial statements of World Ovarian Cancer Coalition (the "Organization") that comprise the statement of financial position as at June 30, 2021, and the statements of operations and changes in net assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

#### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

#### *Practitioners' Responsibility*

Our responsibility is to express a conclusion on the accompanying financial statements based on our review. We conducted our review in accordance with Canadian generally accepted standards for review engagements, which require us to comply with relevant ethical requirements.

A review of financial statements in accordance with Canadian generally accepted standards for review engagements is a limited assurance engagement. The practitioners perform procedures, primarily consisting of making inquiries of management and others within the entity, as appropriate, and applying analytical procedures, and evaluate the evidence obtained.

The procedures performed in a review are substantially less in extent than, and vary in nature from, those performed in an audit conducted in accordance with Canadian generally accepted auditing standards. Accordingly, we do not express an audit opinion on these financial statements.

#### *Conclusion*

Based on our review, nothing has come to our attention that causes us to believe that the financial statements do not present fairly, in all material respects, the financial position of World Ovarian Cancer Coalition as at June 30, 2021, and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

# WORLD OVARIAN CANCER COALITION

## Notes to Financial Statements

Year Ended June 30, 2021

(Unaudited)

---

### 1. PURPOSE OF THE ORGANIZATION

World Ovarian Cancer Coalition (the "Organization") is a not-for-profit society incorporated under the *Society Act (Canada)*. The purpose is to work across the globe to ensure every woman with ovarian cancer has the best chance of survival, and the best quality of life - wherever she may live. For Canadian income tax purposes, the organization qualifies as a not-for-profit organization which is exempt from income tax under section 149(1)(l) of the *Income Tax Act (Canada)*.

### 2. SIGNIFICANT ACCOUNTING POLICIES

The Organization has prepared its financial statements in accordance with Canadian accounting standards for not-for-profit organizations and includes the following significant accounting policies.

(a) Revenue recognition

Corporate donations are recorded in the year received or receivable, if the amount to be received can be reasonably estimated and collection is reasonably assured.

(b) Contributed services

Volunteers contribute many hours per year to assist the Organization in carrying out its activities. Because of difficulty in determining their fair value, contributed services are not recognized in these financial statements.

(c) Use of estimates

The preparation of financial statements in conformity with Canadian accounting standards for not-for-profit organizations requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the balance sheet date and the reported amounts of revenues and expenses during the year. Significant estimates include the completeness of accrued liabilities. While management believes the estimates are reasonable, actual results could differ from those estimates and could impact future results of operations and cash flows.

(d) Financial instruments

The Organization initially measures its financial assets and liabilities at fair value.

The Organization subsequently measures all its financial assets and financial liabilities at amortized cost, except for investments in equity instruments that are quoted in an active market, which are measured at fair value. Changes in fair value are recognized in net income.

Financial assets measured at fair value include cash.

Financial assets measured at amortized cost include accounts receivable.

Financial liabilities measured at amortized cost include accounts payable.

The Organization has not designated any financial liabilities to be measured at fair value.

---

### **3. FINANCIAL INSTRUMENTS**

Transactions in financial instruments may result in an entity assuming or transferring to another party one or more of the financial risks described below. The required disclosures provide information that assists users of financial statements in assessing the extent of risk related to financial instruments.

#### **(a) Credit risk**

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

The Organization's financial assets that are exposed to credit risk consist primarily of cash which is mitigated as the amounts are held with major Canadian financial institutions.

The Organization is also exposed to credit risk with respect to its accounts receivable, however, management does not consider the risk to be significant.

#### **(b) Liquidity risk**

Liquidity risk is the risk that the Organization cannot repay its obligations when they become due to its credits.

The Organization is not exposed to significant liquidity risk due to having sufficient cash to pay its liabilities.

### **4. AWARENESS EXPENSES**

Awareness expenses of \$91,267 (2020 - \$83,355) were incurred for year-round awareness raising, including World Ovarian Cancer Day, year-round awareness raising activities and development of the new website.

### **5. IMPLICATIONS OF COVID-19**

On March 11, 2020, the World Health Organization categorized COVID-19 as a pandemic. This resulted in economic effects on the global markets due to the ongoing disruption in supply chains, and measures being introduced at various levels of government to curtail the spread of the virus (such as travel restrictions, closures of non-essential municipal and private operations, imposition of quarantines, and social distancing).

The Organization adapted its operations, including controlling discretionary spending, to mitigate the financial impact of COVID-19. However, the impact of the pandemic on the Organization's future operations cannot be reliably estimated at this time.

### **6. COMPARATIVE FIGURES**

The financial statements have been reclassified to conform to the presentation used in the current year.
